

### BUZZ BRAIN EXERCISE-O23-Equations

There is an attempt to encourage critical thinking in some education institutions.

The following exercise will challenge one's creativity and critical thinking.

The three sets of numbers in the grid represents nine equations using addition only.

Find the equations without moving any of the numbers from their columns.

You can only change the order of the numbers to form your equations.

1	+	14	=	7
2	+	19	=	27
3	+	11	=	18
4	+	13	=	13
5	+	9	=	21
6	+	17	=	16
7	+	14	=	15
8	+	5	=	9
9	+	8	=	22
