

BUZZ BRAIN EXERCISE-057-Refresh

Buzz Brain exercise-01 featured my maxplication chart, this exercise revisits that chart, mainly because some people are having problems reading the chart.

The grid below is a version of the minimal chart that multiplies the numbers one thru 123456789 by two to nine. The answers are shown in 17 rows and 17 columns.

Find the answers to the nine posted multiplication exercises by giving the row and column where the answers are posted.
